

Orange France interfaces

Developers guide to the end-user interfaces (2014)

How to create a end-user account to develop
and test

Creating a test account

In order to create a test account, follow this link: <http://eui.orange.fr/signup/bin/signup.cgi>

The screenshot shows the registration form with the following fields and annotations:

- Civility**: Points to the dropdown menu showing 'M.'
- Firstname**: Points to the 'prénom' field containing 'John'
- Lastname**: Points to the 'nom' field containing 'Doe'
- Email address**: Points to the 'adresse mail' field containing 'johndoe@gmail.com'
- Your password must contain at least 6 characters and combine letters and digits, without accent, space nor dash.**: Points to the password field
- choose your password**: Points to the 'mot de passe' field
- re-type your password**: Points to the 'confirmation du mot de passe' field
- Checkbox: I have read and I accept the T&C**: Points to the checkbox labeled 'J'ai lu et j'accepte les conditions générales d'utilisation.'

Buttons at the bottom: **annuler** (labeled **Cancel**) and **continuer** (labeled **Continue**).

Upon validation of the completed form, all conditions being respected, a visual captcha has to be completed. In order to complete this step, you have to successively click on the image corresponding to the highlighted word. The words are the French translation for the pictures shown.

The screenshot shows the captcha confirmation step with the following elements:

- List of words. Click in the right order on the corresponding image on the right side of the screen.**: Points to the list of words: chat, chien, avion, violon, moto, moto.
- Clear**: Points to the 'effacer' button.
- Back**: Points to the 'retour' button.
- Continue**: Points to the 'continuer' button.

The captcha grid contains 12 images: a dog, a yellow flower, a red motorcycle, a sailboat, a dog, a violin, a yellow flower, a bird, and a clownfish.
